Notes to Statement of Financial Condition

December 31, 2018

1. Organization

Boston Partners Securities, L.L.C. (the “Company”), a Delaware limited liability company, is a wholly-owned subsidiary of Boston Partners Global Investors, Inc. (the “Parent”). The Parent is a registered investment adviser under the Securities and Exchange Commission (“SEC”) Investment Advisers Act of 1940 and is a wholly-owned subsidiary of ORIX Corporation Europe N.V based in the Netherlands. The Company was established as a limited purpose broker-dealer under the Securities Exchange Act of 1934 for the purpose of having registered sales representatives provide their services to the Parent. The Company is registered as a broker-dealer with the SEC in all 50 states, the District of Columbia and Puerto Rico and is also a member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Protection Corporation. The Company does not hold customer funds or safe keep customer securities. The Company is subject to regulation by the SEC, FINRA and the various state securities regulators.

2. Summary of Significant Accounting Policies

(a) Basis of Presentation

The statement of financial condition is prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”), as codified in the Accounting Standards Codification (“ASC”) and set forth by the Financial Accounting Standards Board (“FASB”).

(b) Use of Estimates

The preparation of the statement of financial condition in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in the financial statement and accompanying notes. Management believes that the estimates utilized in preparing its financial statement are reasonable and prudent. Actual results could differ from those estimates and assumptions.

(c) Cash

The Company’s cash is held by JPMorgan Chase (“JPMorgan”). The JPMorgan account is a noninterest bearing account. At December 31, 2018, there were no cash equivalents.

2. Summary of Significant Accounting Policies (continued)

(d) Income Taxes

The Company's operating results are included in the federal, state and local income tax returns filed by the Parent. The Company uses the asset and liability method to provide income taxes on all transactions recorded in the consolidated Parent financial statements. Deferred tax assets and liabilities are determined based on differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities (i.e., temporary differences) and are measured at the enacted rates that will be in effect when these differences are expected to be realized. If necessary, a valuation allowance is established to reduce deferred tax assets to the amount that is more likely than not to be realized.

In order to recognize and measure our unrecognized tax benefits, management determines whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Once it is determined that a position meets the recognition thresholds, the position is measured to determine the amount of benefit to be recognized in the financial statements.

3. Related Party Transactions

The Company receives a certain allocation of revenue attributable to commissionable sales of securities in accordance with placement agent agreements entered into between the Company and various hedge funds or mutual funds managed by the Parent.

Pursuant to the Service Level and Expense agreement ("Services Agreement") dated June 1, 2005 between the Company and its Parent, the Company has agreed to pay the Parent a monthly fee, which is updated no less than annually as determined by the Parent's allocation methodology, for support services, including but not limited to, finance administration, human resources, technology, and management support provided by the Parent to the Company.

Intercompany balances are settled on a periodic basis through receivable from Parent, net on the Statement of Financial Condition.

(a Limited Liability Company)

4. Risks and Uncertainties

Cash is held by one financial institution, JPMorgan. In the event that the financial institution is unable to fulfill its obligations, the Company would be subject to credit risk. Bankruptcy or insolvency may cause the Company's rights with respect to the cash held by JPMorgan to be delayed or limited. The Company monitors its risk by monitoring the credit quality of JPMorgan and its subsidiaries.

5. Employee Costs

Included in sales commissions payable are amounts owed to registered sales representatives. The Company does not directly employ any personnel; however, certain employees of the Parent are registered sales representatives of the Company for purposes of the sale and distribution of registered securities offered by the Parent through the Company.

6. Income Taxes

The Company is a single member limited liability company and, for income tax purposes, is disregarded as an entity separate from its owner, the Parent, pursuant to U.S. Income Tax Regulations Sec. 301.7701-3(b)(1)(ii). Therefore, the results of the Company's operations are included in the Parent's Federal and state and local income tax returns. However, the Parent allocates to the Company a portion of the consolidated income taxes as if the Company were a separate income taxpayer.

As of December 31, 2018, the Company determined that it has no uncertain tax positions, penalties, nor accrued interest or penalties as defined within ASC 740-10, *Income Taxes*. The Company does not have unrecognized tax benefits. The Company does not believe that it is reasonably possible that the total unrecognized benefits will significantly increase within the next 12 months.

The federal statute of limitations runs for 3 years after the tax return is filed. The last federal return that is subject to tax examination is 2014. As of December 31, 2018, the Parent has open reviews/audits for New York State 2015-2017 and New Jersey State 2014-2016.

7. Commitments and Contingencies

The Company may be subject to claims as well as reviews by self-regulatory agencies arising out of the conduct of its business.

Management is not aware of any unasserted claims or assessments that would have a material adverse effect on the financial condition and the results of operations of the Company.

8. Regulatory Matters

The SEC and FINRA adopt rules and examine broker-dealers and require strict compliance with their rules and regulations. All broker-dealers have a self-regulatory organization (SRO) that is assigned by the SEC as the broker-dealer's designated examining authority ("DEA"). The DEA is responsible for examining a broker-dealer for compliance with the SEC's financial responsibility rules. FINRA is the Company's current DEA. A failure to comply with the SEC's request in a satisfactory manner may have adverse consequences, and changing the Company's DEA may entail additional regulatory costs.

9. Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule ("Rule 15c3-1"). The Company computes its net capital requirements under the Basic or Aggregate Indebtedness method of Rule 15c3-1 which requires the Company to maintain minimum net capital of the greater of 6-2/3% of aggregate indebtedness or \$5,000. At December 31, 2018, the Company had net capital of \$30,349,964, which was \$30,313,071 in excess of its minimum net capital requirement of \$36,893 (6-2/3% of aggregate indebtedness). The Company's percentage of aggregate indebtedness to net capital is 1.82%.

Advances to affiliates, repayment of borrowings, dividend payments, distributions and other equity withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory bodies. The Company is exempt from the provisions of Rule 15c3-3 pursuant to paragraph (k)(2)(i) under the Securities Exchange Act of 1934.

10. Fair Value of Financial Instruments

The carrying amounts reported on the statement of financial condition for cash approximate fair value based on the on-demand nature of cash. Other assets and liabilities with short and intermediate-term maturities and defined settlement amounts, including receivables and payables, are reported at their contractual amounts, which approximate fair value.

11. Subsequent Events

The Company has evaluated all subsequent events through February 27, 2019, which is the date the financial statements were issued, and has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statement or accompanying notes.
